

eNVQ

Course Title:	eNVQ	Level:	2 & 3
Duration:	Contact us for Details	Cost:	£750 Level 2 £900 Level 3

Overview

Forget all the ideas about the bulky binders when there is a much better, faster and user friendly way of completing an NVQ qualification.

The way forward is the electronic approach and the opportunity to learn when it suits you best and a much more efficient way to your qualifications.

Northwest Lifelong Learning is now recognised as one of the leading Providers of 'e' learning across a wide range of subjects and is regularly increasing the range of options available to learners and employers.

Employers now favour recruiting staff who can demonstrate their skills and knowledge and they see the NVQ as the perfect qualification

The most popular qualifications include:

- Business and Administration
- IT
- Customer Care
- Retail

Other courses are available by request. Visit our website or email the NVQ team.

"Blended learning has several advantages over the more traditional 'chalk & talk' approach, including the ability to study and do coursework either at home when it suits, or in the workplace. No heavy folders or binders or pens or paper required!"

Peter Boyle

learning
is the key
to earning
